NURSERY ADVISORY

NO. 05-2007

DATE: May 14, 2007

TO: All County Agricultural Commissioners

FROM: Pest Exclusion/Nursery, Seed, and Cotton Program
Plant Health and Pest Prevention Services

SUBJECT: Light Brown Apple Moth Pre-shipment Notification to Other States

Several states have requested that they receive a pre-shipment notification of any regulated materials from the light brown apple moth quarantine area. Although the Federal Order does not require a pre-shipment notification, we are accommodating their requests.

A public web page with information about light brown apple moth has been created by the department. The states requesting pre-shipment notification and an outline of the information they are requesting are included on this web page.

Because additional states may request pre-shipment notification, please advise nurseries shipping regulated material interstate to check the site regularly for updated information.

To access this information, please go to:

http://www.cdfa.ca.gov/phpps/pdep/lbam_main.htm

**ADDITIONAL INFORMATION:
Pre-shipment Notification to Other States**

Please notify interstate shipping nurseries in quarantined areas that they are responsible for providing pre-shipment notification information to other states.

If you have any questions regarding this advisory, contact Patrick Thalken at (916) 654-0312 or by e-mail at pthalken@cdfa.ca.gov.
